NOTIFICATION

Considering the complex situation regarding recognition of existing acupuncture qualifications and the possible complications arising out of it, the council is of the view that all aspiring professionals who wish to apply for registration under 'Part B' of the Maharashtra System of Acupuncture therapy Act 2015 (except Part 'A' i.e. Registered Medical Practitioners) should appear for Eligibility Test to safeguard their own interests.

The Eligibility Test is going to be held ONLY ONCE for getting registration to practice Acupuncture, as per the provisions laid down in Maharashtra system of acupuncture Therapy Act 2015.

The estimated time to resolve the complexities in recognition of existing Acupuncture qualification issues is uncertain and certain factors related to it are beyond the control of Council.

Hence, the council has decided that all professionals except Part 'A' i.e. Registered Medical Practitioners should, appear for eligibility test to be able to become eligible for Registration as qualified Acupuncturist in 'Part B' of the register of Maharashtra Acupuncture Council.
